Dear FCC:

I am writing to complain about the proposed changes to the Universal Service Fund and requesting that the FCC investigate this matter further before changing the current policy. Your proposed \$1.00 per month charge for all wireless phones will directly impact my ability to retain my wireless service.

I do not think it is fair to charge EVERYBODY \$1.00 dollar regardless of how they use their wireless phone, especially for a low-volume user that relies on wireless service for safety and security, not interstate calls. The current policy is fair, based on interstate usage, and should be left alone. Please do not penalize us. Keep this fair.

Dear FCC:

I am writing to complain about the proposed changes to the Universal Service Fund. Please investigate the 'need' for this proposal further before changing the current policy. I feel that your proposed \$1.00 per month charge for all wireless phones is totally unfair, and will force me to discontinue my wireless service.

I only use my phone for emergency uses only, and do not think it is fair to charge EVERYBODY \$1.00 no matter how they use their wireless phone. I am considered a low-volume user and do not make any interstate calls. I think the current policy is fair as it is, which is based on interstate usage. Please do not implement any changes that would penalize users like me. I hope you will seriously consider this petition.

Thank you for your prompt attention to this matter. Please provide a written response indicating the status/resolution of this matter.

Very truly yours,
